5.10. Correcting Input Bugs: The user can return to the previous phase before completing the order process, where he can correct the input data. In detail: When ordering, it is possible to view or modify the content of the basket, if the basket does not contain the quantity to be ordered, in the input field in the quantity column, User can enter the quantity to be ordered and press "Increase" button. If you want to delete a user from the items in the basket, click the "X - delete" button. During the

order, the User has a continuous opportunity to correct / delete the inputs.

5.11. The user/customer gets an email of confirmation after sending the order, which does not give rise to contract. If this e-mail does not arrive within an expectable deadline –depending on the profile of the service- or at latest within 48 hours, the user is relived of the bid fixity or contractual duty. The order and the confirmation of the order can be considered „arrived” to the

Provider or to the User, when it is reachable for them. The Provider excludes the blame of confirmation, if the confirmation does not arrive in time because the user/customer has given wrong email address, or the storage pool of the account is full, and can not receive messages.

5.12. The User acknowledges that the confirmation in the previous section is only an automatic confirmation, and does not constitute a contract. The contract is created when the Service Provider notifies the User of the details of the order and its expected fulfillment after another automatic confirmation of the above mentioned item.
