2. BASIC PROVISIONS

2.1. Issues not regulated in the current Articles and the interpretation of these Articles are governed by Hungarian law, with particular regard to the provisions of Act V of 2013 of the Hungarian Civil Code ("Civil Code") on certain aspects of electronic commerce services and information society services from the 2001 Act CVIII (E-commerce law) and the detailed regulations on consumer-business contracts of Government Decree 45/2014. (II. 26.). The mandatory provisions of the relevant legislation shall apply to the Parties, without any special clause.

2.2. These Articles are effective law since 04 Sept, 2019. and remain in force until revocation. The Service Provider has the right to unilaterally amend the Articles (circumstances that may lead to change: change in shipping cost, change in legislation, business interest, changes in company). The modifications need to be issued 11 (eleven) days before the effective date by the Service Provider on their website - during which time the User is entitled to rescind or terminate the contract. By using this website, the User agrees that all regulations governing the use of this website are automatically applicable to them.

2.3. The Service Provider reserves all rights in connection with the content and dissemination of the website and webpages. It is absolutely forbidden to download, store (electronically), process, or sell any content published in the website or any aspect of the content without the written consent of the Service Provider.

3. REGISTRATION, PURCHASE

- 3.1. By making a purchase/registering on the website, the User declares that he/she has read and accepted the terms and conditions of this GTC and the Privacy Policy published on the website, and agrees to the handling of his/her data.
- 3.2. The User is obliged to provide his/her real data at the time of purchase/registration. In the event of false or personally identifiable information provided during purchase/registration, the resulting electronic contract will be considered void. The Service Provider disclaims any liability if the User makes use of its services on behalf of another person with the data of another person.
- 3.3. The Service Provider shall not be liable for delivery delays or other problems or errors due to incorrect and/or inaccurate data provided by the User.
- 3.4. The Service Provider shall not be liable for any damages resulting from the User's forgetting his/her password or the access of unauthorized persons for any reason not attributable to the Service Provider (if registered on the site).

4. AVAILABLE PRODUCTS AND SOFTWARES

4.1. Displayed products can only be ordered online. The prices displayed for the products are in GBP and include the statutory VAT. However, they do not include home delivery charges. No separate packaging costs will be charged.

4.2. In the web shop, the Service Provider details the name, description and product of the product. The images shown on the product data sheet may be different from the actual ones and may be used for illustration purposes.

4.3. If there is a product on sale, the Service Provider should inform the User about the sale and its exact duration.

4.4. If the wrong price is displayed on the website – despite the due diligence of the Service Provider – and the price is obviously incorrect, the Service Provider is not required to deliver the product at the wrong price, especially if there is a significant difference. For example, if the price is set at GBP 0 or GBP 0.01 because of a system error, then the Service Provider shall not be obliged to deliver the product at the incorrect price, but may offer the delivery at the correct price, in the knowledge of which the Customer may refuse to make the purchase. In accordance with the case law of the Hungarian judiciary, a significant difference is generally considered to be a deviation of at least 50% in a positive or negative direction from the market value of the given product or service. However, consumers are informed that the concept of striking value imbalance (Section 6:98 of the Civil Code) is not precisely defined by law.

4.5. In the case of a defective price as described in Section 4.4, there will be a noticeable mismatch between the true and the indicated price of the product that the average consumer will immediately notice. Pursuant to Act V of the Civil Code of 2013 (Civil Code), the contract shall be created by the mutual and unanimous expression of the will of the parties. If the parties are unable to agree on the terms of the contract, i.e. there is no mutually agreed statement on the will of the parties, it is not possible to speak of a valid contract that would give rise to rights and obligations. On this basis, an order that has been confirmed at the wrong/erroneous price is considered to be null and void.

8. WARRANTIES AND LIABILITIES

Defective performance

The supplier fails to perform properly if the service does not meet the quality requirements set out in the contract or the law at the time of performance. The supplier did not fail to perform the service correctly if the receiver was aware of the error at the time of the conclusion of the contract or should have been aware of the error at the time of the conclusion of the contract.

A contract between a Consumer and a Business shall be null and void if it derogates from the provisions of this Article concerning warranty and security to the detriment of the Consumer.

Several warranty rights apply only to Users who qualify as Consumers under the Hungarian Civil Code.

User as Business: A person who acts in the course of his/her trade, profession or business.

Liability claim

8.1. In what kind of situation can the User exercise his/her right for a liability claim?

The User can exercise a liability claim against the Business, in the event of the improper fulfilment of the contract according to the rules of the Hungarian Civil Code.

8.2. What kind of rights are the customers legal due according to the liability claim?

The User may - at his or her choice - make use of the following accessory warranty claims: he or she may request repair or replacement, unless the fulfillment of the claim chosen by the User is impossible or would involve disproportionate additional costs for the company compared to the fulfillment of other demands. If you did not, or could not, request the repair or replacement, you may request a proportional reduction of the compensation or, as a last resort, you may withdraw from the contract. You can switch from your chosen accessory warranty right to another one, but the cost of the switch is borne by the User, unless it was justified or the company provided a reason for it.

The consumer is also entitled - in accordance with the severity of the breach of contract - to request a proportionate delivery of compensation or to terminate the sales contract if

- a) the company did not carry out the repair or replacement, or did it, but did not carry out partial or complete decommissioning and re-commissioning, or refused to make the goods conform to the contract;
- b) a repeated performance error occurred, despite the fact that the company attempted to make the goods conform to the contract;
- c) the performance error is so serious that it justifies an immediate price reduction or the immediate termination of the sales contract; obsession
- d) the business did not undertake to make the goods conform to the contract, or it is

obvious from the circumstances that the business will not make the goods conform to the contract within a reasonable period of time or without significant damage to the consumer's interests.

If the consumer wishes to terminate the sales contract citing faulty performance, the company bears the burden of proving that the fault is insignificant.

The consumer is entitled to withhold the remaining part of the purchase price - depending on the severity of the breach of contract - in whole or in part, until the company fulfills its obligations related to the conformity of the performance with the contract and defective performance.

The reasonable deadline for repairing or replacing the goods shall be counted from the time when the consumer notified the company of the defect.

The consumer must make the goods available to the company in order to complete the repair or replacement.

The company must ensure the return of the exchanged goods at its own expense. If the repair or replacement requires the removal of goods that were put into operation in accordance with the nature and purpose of the goods - before the defect became detectable - then the obligation to repair or replace includes the removal of the non-conforming goods and the commissioning of the replaced or repaired goods placing or bearing the costs of removal or commissioning.

Delivery of compensation is proportionate if its amount is equal to the difference between the value of the goods owed to the consumer in the case of contractual performance and the value of the goods actually received by the consumer.

The consumer's right to terminate the sales contract can be exercised with a legal statement addressed to the company expressing the decision to terminate.

If the defective performance affects only a specific part of the goods supplied under the sales contract, and the conditions for exercising the right to terminate the contract exist in respect of them, the consumer may terminate the sales contract only with regard to the defective goods, but also with respect to any other goods acquired together with them may terminate it if the consumer cannot reasonably be expected to keep only goods that conform to the contract.

If the consumer terminates the sales contract in its entirety or with respect to a part of the goods supplied under the sales contract, then

- a) the consumer must return the affected goods to the enterprise at the expense of the enterprise; and
- b) the company must immediately reimburse the consumer the purchase price paid for the goods concerned, as soon as it has received the goods or the certificate supporting the return of the goods.

8.3. What is the deadline for the customer to exercise the liability claim?

The customer is liable to report the defect immediately after recognition, but within two months of recognition. However, please note that the User will no longer be able to enforce their liability claim beyond the two-year limitation period (one year for

businesses).

If the sales contract for goods containing digital elements concerns the continuous provision of digital content or digital services through specified use, the business is responsible for defects related to the digital content or digital service of the goods. The defect occurs:

- a) within two years from the performance in the case of continuous provision for a period not exceeding two years; or
- b) in the case of continuous provision exceeding two years, it occurs or becomes apparent during the complete termination of the continuous service.

8.4. Who can the liability claim be made against?

Customers can enforce the liability claim against the Service Provider.

8.5. What kind of other conditions must be met to enforce the liability claim (if the User is classified as a Customer)?

Within 1 year from the date of delivery, there is no other condition for enforcing your liability claim unless the User proves that the product or service was provided by the company operating the webshop. However, after 1 year have passed from the date of performance, the User shall be required to prove that the error recognised by the User was present at the time of performance.

Product warranty

8.6. In what cases can the Consumer exercise his product warranty right and what rights does the Consumer have based on his product warranty claim?

In the event of a defect in a movable object, the Consumer may - at his choice - exercise his accessory warranty right or assert a product warranty claim in accordance with the rules of the Civil Code.

As a product warranty claim, the Consumer can request the repair or replacement of the defective product.

8.7. Who can you assert your product warranty claim against?

You can exercise your product warranty rights against the manufacturer or distributor of the product (hereafter: manufacturer).

8.8. In which case is the product considered defective?

The product is defective if it does not meet the quality requirements in force at the time it was placed on the market, or if it does not have the properties described by the manufacturer.

8.9. In what time frame can the Consumer assert his product warranty claim?

The Consumer can assert his product warranty claim within two years of the product being placed on the market by the manufacturer. After this deadline, you will lose this right.

8.10. What evidentiary rule applies in the event of a product warranty claim?

In the case of asserting a product warranty claim, you must prove that the product defect existed at the time the manufacturer placed it on the market.

8.11. In what cases is the manufacturer exempt from product warranty obligations?

The manufacturer is released from its product warranty obligation if it can prove that

- the product was not manufactured or marketed as part of its business activities, or
- the defect could not be recognized according to the state of science and technology at the time of placing it on the market, or
- the defect of the product results from the application of legislation or mandatory official regulations.

It is sufficient for the manufacturer to prove a reason for exemption.

Please note that due to the same defect, the Consumer can assert a claim for the product warranty against the company and against the manufacturer at the same time, parallel to each other. If your product warranty claim is successfully asserted, you can assert your accessory warranty claim for the replaced product or the part of the product affected by the repair only against the manufacturer.

Guarantee

8.12. In what cases can the Consumer make a claim against the guarantee?

In the event of defective performance, in line with Government Decree 151/2003. (IX. 22.), the Service Provider shall be liable if the User qualifies as a Consumer.

8.13. What rights does the Consumer have and under what period of guarantee?

Warranty period:

- a) two years in the case of a sale price of HUF 10,000 but not exceeding HUF 250,000,
- b) three years above the sales price of HUF 250,000.

Failure to meet these deadlines will result in disqualification

The warranty period begins with the delivery of the consumer product to the consumer or, if the commissioning is performed by the Service Provider or its agent, begins on the day of commissioning.

If the consumer puts the consumer product into service more than six months after delivery, the starting date of the warranty period is the day of delivery of the consumer product.

The consumer may, at his / her option, enforce his / her request for repair directly at the Service Provider's registered office, at any of its premises, branches and at the repair service indicated by the company on the warranty card.

Based on your warranty claim at the option of the holder

1. repair or replacement, unless it is impossible to fulfill the chosen warranty or would impose a disproportionate additional cost on the debtor compared to the performance of another warranty, taking into account the value of the service in good condition, the seriousness of the breach and the warranty caused damage to interests; obsession
2. may demand a proportionate reduction of the consideration, have the defect rectified or remedied at the debtor's expense, or withdraw from the contract if the debtor has not undertaken the repair or replacement, (...) is unable to fulfill this obligation, or if the creditor his interest in repair or replacement has ceased.

There is no room for withdrawal due to a minor error.

Aim for 15 days

Based on the 9/2014 on the rules of procedure for handling warranty and guarantee claims for things sold under a contract between a consumer and a business. (IV. 29.) of the NGM Decree, the Service Provider must strive to carry out the repair or replacement within a **maximum of 15 days**. If the duration of the repair or replacement exceeds 15 days, the Service Provider is **obliged to inform the consumer about the expected duration of the repair or replacement**. The information shall be provided with the consumer's prior consent, by electronic means or by any other means suitable for the consumer's receipt.

If it turns out that the product cannot be repaired

If the Service Provider finds during the repair of the consumer product for the first time during the warranty period that the consumer **product cannot be repaired**, the Service Provider is obliged to **replace the consumer product within 8 days**, unless otherwise provided by the consumer. If it is not possible to exchange the consumer goods, the Service Provider is obliged to **refund the purchase price to the consumer within 8 days**.

If the product breaks a fourth time

If, during the warranty period, the consumer item fails again after being repaired three times, - unless otherwise ordered by the consumer - the company is obliged to replace the consumer item within eight days. If it is not possible to exchange the consumer product, the company is obliged to pay the consumer the purchase price indicated on the warranty card or, in the absence of this, on the proof of payment of the consideration for the consumer product presented by the consumer - on the invoice or receipt issued on the basis of the General Sales Tax Act - to the consumer within 8 days to refund.

If it cannot be repaired within 30 days

If the consumer product is not repaired within 30 days from the date of notification of the repair request to the company, - unless otherwise ordered by the consumer - the company is obliged to replace the consumer product within 8 days after the unsuccessful expiration of the thirty-day deadline. If it is not possible to exchange the consumer product, the company is obliged to pay the purchase price indicated on the warranty card or, in the absence of this, on the proof of payment of the consideration for the consumer product presented by the consumer - on the invoice or receipt issued on the basis of the General Sales Tax Act - after the unsuccessful expiry of the 30 repair deadline. to be refunded to the consumer within the following 8 days.

8.14. In what cases is the Business exempt from guarantee obligations?

The Service Provider is exempted from its warranty obligation only if it proves that the cause of the defect arose after performance. I draw your attention to the fact that, due to the same defect, the Consumer may assert a claim for accessory

warranty and warranty, as well as a claim for product warranty and warranty at the same time, in parallel with each other. If, on the other hand, the Consumer has once successfully asserted his claim resulting from defective performance due to a specific error (for example, the company replaced the product), he can no longer make a claim for the same error on other legal grounds.

8.15. The Service Provider has no guarantee obligations beyond the guarantee period (life expectancy) for damages caused by natural wear and tear.

8.16. The Service Provider has no guarantee and warranty obligations for damages resulting from improper or negligent handling, excessive stress, or unintended exposure to the product, or other improper use of the products.

8.17. If the Consumer claims for a replacement within three working days of purchase (from operation) due to a defect in the product, the Service Provider shall replace the product if the defect prevents its proper use.

(the legal relationship between the Parties in these General Terms and Conditions hereinafter: Contract)

1. Preamble

These General Terms and Conditions (hereinafter: **GTC**) determine the terms and conditions of the Contract between the Parties related to the use of the system composed of the firmware installed and run on hardware sold by the Service Provider to the User, and the software made available by the Service Provider on the www.ultraprog.eu website and installed and run on the User's own computer (the entire system hereinafter: System; the software that forms a part of the system, including its modified, further developed and/or adapted versions - if the User becomes entitled to use them in line with the provisions of this Contract -, hereinafter: Software, the firmware interoperating with the Software including its modified, further developed and/or adapted versions - if the User becomes entitled to use them in line with the provisions of this Contract -, hereinafter: Firmware), that is, the terms and conditions for the use of the System by the User, including the

terms and conditions applicable to running the Software and/or Firmware, as well as the rights and obligations of the Service Provider and the User.

The purpose of the Contract determined by the GTC is to make available the System operated by the Service Provider to the User for the User's own personal use, in order to run the Software on the User's own computer and the Firmware hardware sold by the Service Provider to read and modify the memory of the target device, in the framework of providing services under these GTC (hereinafter: Service).

ANNEXES:

The following annex (hereinafter: Annex) forms an inseparable part of the GTC
Annex: User's Manual

2. SUBJECT MATTER OF THE CONTRACT

2.1. In the framework of the Service, the Service Provider grants a non-exclusive, non-transferable licence for use to the User according to the Contract to be concluded according to these GTC, for installing, running and using the System solely on the User's own computer for the term of the Contract, and shall continuously operate the system and ensure use of the System for the User. System use shall be realised by running the Software on the User's own computer and by running the Firmware on the hardware device purchased from the Service Provider. The use of the System is ensured only for the User, and is permitted solely for the User's own private and/or training purposes, only on a computer and hardware device owned by the User, only by running the system during the term of the Contract (use of the System as described in this paragraph hereinafter: System Use).

2.2. Users may use the Service only in line with the provisions of these GTC.

2.3. System Use by the User may be implemented on the basis of a licence for one year for basic Firmware together with the hardware device and the software, purchased from the Service Provider, in which case the User shall not be obliged to pay any fees other than payment of the price of the hardware in full (hereinafter: Basic Licence), or, at the User's choice, on the basis of a licence for one year from downloading the given upgrade, made available by the Service Provider in exchange for payment of the annual fee for the further development of the basic Firmware and software made available by the Service Provider (hereinafter: Upgrade Licence).

2.4. In the event of the Basic Licence, the Firmware will be provided to the User in the form installed on the hardware device sold by the Service Provider, and the Software can be downloaded from the Service Provider's www.ultraprog.eu website, installed and run on the User's own computer by the User. In this case, the term of the Contract shall be one year from the date when the hardware is sold, during which the Service Provider shall grant a right to the User for running and using the System in line with the provisions of section 2.1.

2.5. In the case of the Upgrade Licence - if the User decides for this option and pays

the fee defined by the Service Provider - the User will download the upgrade made available by the Service Provider from the www.ultraprog.eu website and install it on their computer for the Firmware and/or Software already available to them under the Basic Licence (hereinafter: Upgrade). Upon payment of the fee to the Service Provider, the User will become entitled to run and use the System thus upgraded subject to the terms and conditions of section 2.1 for another year, by which the term of this Contract will be extended.

2.6. If the User fails to use the Upgrade Licence within the one-year term of the Basic Licence, the Service Provider will cease to be obliged to provide the Service and to ensure use of the System for the User, so the User will not be entitled to additional updates and support in respect of the System. On the other hand, the User shall not be obliged to remove the Software from their computer and the Firmware from the hardware sold by the Service Provider, and will remain entitled to use them for an unlimited period of time, subject to the restrictions set out in this section. On the other hand, the User will be entitled to such limited use and may request another Upgrade Licence from the Service Provider only if it already has a copy of the Software or its installation pack made available in the course of using the Basic Licence or the Upgrade Licence earlier on their computer, and the hardware device sold by the Service Provider and the Firmware installed on it are also available to the User. Accordingly, the Service Provider shall not be obliged to keep the Software and/or its installation pack available to the User after its initial download by the User, and to replace the hardware device already handed over to the User and the Firmware installed on it, i.e. to provide another copy of it to the User.

3. RIGHTS AND OBLIGATIONS OF THE PARTIES

3.1. The User may use the System or the updated System on a non-exclusive and non-transferable basis - by running the software on the User's computers and, in respect of the Firmware, by running the software on the hardware device purchased from the Service Provider - throughout the term of the Contract, in a way so that they may carry out operation for reading and modifying the memory of the target devices according to the functionality set out in Annex 1.

3.2. The User shall pay an amount corresponding to the price list published on the Service Provider's www.ultraprog.eu website as the price of the hardware device for the Basic Licence, and for the Upgrade Licence, the one-year service fee set out in the price list in addition.

3.3. After using the Basic Licence and/or the Upgrade Licence, the User shall register to the Service Provider's www.ultraprog.eu website by providing their e-mail address and password, by which the User will create a user account. The User will be able to download the Software made available in the framework of the Basic Licence after logging into the user account.

3.4. In the event of using the Upgrade Licence, the User will be able to download the Upgrade made available under the Upgrade Licence to the user account after 48

hours from payment of the one-year service fee, and will be able to run and use the upgraded System after installing the Upgrade.

3.5. The User may run the System only on computer(s) owned or leased and used exclusively by the User, and the hardware device purchased from the Service Provider, and may not grant Access to the System to third parties on any grounds.

3.6. In the event that the User enables third parties to use the Service without licence in violation of the provisions of the previous section of the Contract, this shall be deemed to be a serious breach of contract, on account of which the Service Provider may terminate the Contract with immediate effect and apply the legal consequences of a breach of contract.

3.7. The User shall ensure that the User has a unique and secure user name and password for reaching the Software and the Upgrades. The User shall treat the unique user name and password confidentially. The User has full liability for ensuring that no third party will obtain or access the user name and the password, and violating this obligation shall be deemed to be a serious breach of contract, and the Service Provider may terminate the Contract with immediate effect and apply the legal consequences of a breach of contract if this occurs.

3.8. The User shall immediately notify the Service Provider by e-mail if it becomes aware of access to the System by persons not authorised by the Service Provider or any other unauthorised use under these GTC or any other abuse, together with providing the data required for eliminating unauthorised System use.

3.9.
